INDEPENDENT AUDITORS' REPORT

Board of Directors
Perry Area Child Development Corporation
Perry, Iowa

We have audited the accompanying statement of financial position of the Perry Area Child Development Corporation (a nonprofit corporation) as of June 30, 2006 and the related statements of activities and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Perry Area Child Development Corporation as of June 30, 2006, and the results of its activities and cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we are including herein our reports on our consideration of the Perry Area Child Development Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

Notes to financial statements are an integral part of this statement.

PERRY AREA CHILD DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006

1/ Nature of Activities

The Perry Area Child Development Corporation (the Organization) is a nonprofit organization, established in December 2003, whose mission is to provide a full service child care center for the benefit of all of the members of the communities served by the Perry Community School District, the Dallas County Hospital and the City of Perry.

The Organization was created in conjunction with a shared use agreement between these parties, as allowed by Iowa Code Chapter 28E, to form a joint and cooperative action to provide this facility to the communities.

2/ Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Deposits and Investments

The Organization's cash and investments are required to be deposited and invested in accordance with Chapters 12B and 12C of the Code of Iowa. The deposits were entirely covered by federal depository insurance or by the state sinking fund in accordance with Chapter 12C of the Code of Iowa.

Investments can only be made in obligations of the United States Government, its agencies and instrumentalities, certificates of deposit and other evidences of deposit at federally insured depositories approved pursuant to Chapter 12C of the Iowa Code, and with certain restrictions, prime bankers acceptances, commercial paper, repurchase agreements and certain open end management companies registered with the Federal Securities and Exchange Commission.

Credit Risk - In compliance with state statute, the Organization minimized credit risk losses due to default of a security issuer or backer by; limiting investments to the safest types of securities, and limiting bank deposits to less than \$100,000 covered by the Federal Deposit Insurance Corporation.

Interest Rate Risk – The organization invests its cash in demand deposit accounts with interest rates which fluctuate periodically.

Revenue Appropriation

All public support is considered to be available for unrestricted use unless specifically restricted by the donor. At the Board's discretion, revenues are designated for specific purposes. Such Board designated funds are included in the unrestricted net asset section.

Recognition of Donor Restrictions

Restricted assets are assets that either time or purpose restrictions have been imposed by the donors. The organization receives state and local government financial assistance in the form of grants. The purpose of the assistance is restricted by the grantors for a particular program. The Organization has elected to treat some of the grants as unrestricted assets instead of temporarily restricted because the programs are ongoing and in place at the time the grant is authorized.

Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and contributions to it are tax deductible within the limitations prescribed by the Code. It has been classified as a publicly supported organization which is not a private foundation under Section 509(a) of the Code.

2/ Significant Accounting Policies - continued

Accounts Receivable

Accounts receivable have been adjusted for all unknown uncollectibles and no allowance is needed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with initial maturity of three months or less.

3/ Land, Building and Equipment and Depreciation

A summary of such assets as of June 30, 2006 follows:

	Estimated Useful Lives	
Land		\$ 26,000
Building and Improvements	5-15 Years	164,246
Equipment	5 Years	<u>5,000</u>
		195,246
Less Accumulated Depreciation		<u>31,185</u>
Total		<u>\$164,061</u>

Land, buildings and equipment are stated at cost except for donated property which is carried at estimated fair value at date of donation. Donations of property and equipment are recorded as support at their estimated fair value on the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. In a prior year, the Dallas County Hospital contributed land, a building and equipment totaling \$176,000 which has been classified as unrestricted net assets.

Provisions for depreciation are computed using the straight line method over the estimated useful lives of the assets.

4/ Accrued Compensated Absences

The Organization's employees accumulate vacation hours for subsequent use or payment upon retirement, death or termination. This liability was accrued based on the current rate of pay.

5/ Related Party Transaction

The Organization purchases a significant amount of food from one of its major contributors, the Dallas County Hospital, for its food and nutrition programs. The total for year ended June 30, 2005 was \$28,917.

6/ Concentration of Credit Risk

The Organization had program service fees and contract receivables of \$15,976 at June 30, 2006. The ability to collect on such receivables is dependent upon the continued stability of local and state economic conditions.

7/ Risks and Uncertainties

The Organization is exposed to various risks in the normal course of business, such as damage to or destruction of assets, natural disasters, thefts, injuries to employees, loss of major contributors or suppliers, deterioration of the economy in its geographical business area, and other unforeseen events. The Organization minimizes its exposure to these risks as much as possible and acquires insurance where appropriate.

8/ Designated Cash

At June 30, 2006, cash of \$966 was designated by the Board for use for the Early Child and Family Education Program.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Board of Directors
Perry Area Child Development Corporation

We have audited the financial statements of the Perry Area Child Development Corporation as of and for the year ended June 30, 2006, and have issued our report thereon as dated below. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with U.S. generally accepted accounting principles. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Perry Area Child Development Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Perry Area Child Development Corporation's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report, a public record by law, is intended solely for the information and use of the Board of Directors, management and awarding agencies of the Perry Area Child Development Corporation and is not intended to be and should not be used by anyone other than these specified parties.
